4 Direct DMX Outputs
Dimmable LED Desk Lamp
18 Universes

202 Playbacks
Quick and Easy to Programm
Fully Featured Theatre Stacks
Advanced Media Server Support
In-built Media Engine
Fixture Morphing & Cloning
LED Pixel Mapping

MagicQ PC Maxi Wing

The MagicQ Maxi Wing is an extremely powerful USB control wing for connecting to your PC or Mac to control lighting, video and LED with the MagicQ PC software. MagicQ PC software runs under Windows, Linux or OSX. MagicQ PC software is free and uniquely the outputs are fully enabled, allowing you to run shows on up to 18 Universes.

The MagicQ PC Maxi Wing enables advanced show programming and playback through real faders, buttons and encoder wheels. The MagicQ PC Maxi Wing wing enables easy access to moving light parameters via the 8 rotary encoders, and live show control through the 10 playback faders and cue stack control buttons. In addition there are 2 fully patchable direct DMX outputs on the rear panel.

MagicQ is simple and easy to program, enabling really quick setup - you can be up and running your show in seconds. With unrivalled live editing and live timing options, impressive changes can be made live at the touch of a button - no need to spend hours programming complex effects.

The MagicQ PC software is the same software that MagicQ consoles run - enabling familiar and flexible GUI lighting control, media server connectivity options and in-built media server for LED grid arrays. And with the ability to transfer your show to other MagicQ consoles over the network or using standard USB memory sticks the MagicQ PC Maxi Wing can be used as a powerful off-line show editor or back-up system.

The MagicQ PC Maxi Wing provides an immensely powerful control PC based console in a compact size. Ideal for use by touring Lighting Designers, or for installing into theatres, clubs, and venues, the Maxi Wing is the PC solution of choice for controlling lighting, video and LED.

Specification

Universes	18
Channels	9216
Number of fixtures	Up to 9216
Cues	5000
Cue Stacks	2000
Palettes	3096
Groups	1000
Numbers of shows	Virtually unlimited
Media Server support	50 (each different content)
Encoders	8
Faders	13
Buttons	156
Direct DMX512 ports	4
Dimmable LED console lamps	1
Remote trigger input	1
Security lock fixing	1
Choice of colours	Blue
Universal Power Supply	110 to 240 VAC
Width	522mm
Depth	370mm
Height	75mm
Weight	6kg

Features

Tracking / non-tracking option
 Fixture, FX and Gel Library
 In-built Fixture Editor
 In-built Media Engine
 LED pixel mapping
 Fixture morphing and cloning

Rainbow colour picker (RGB, HSI)
 Individual fade times on any channel
